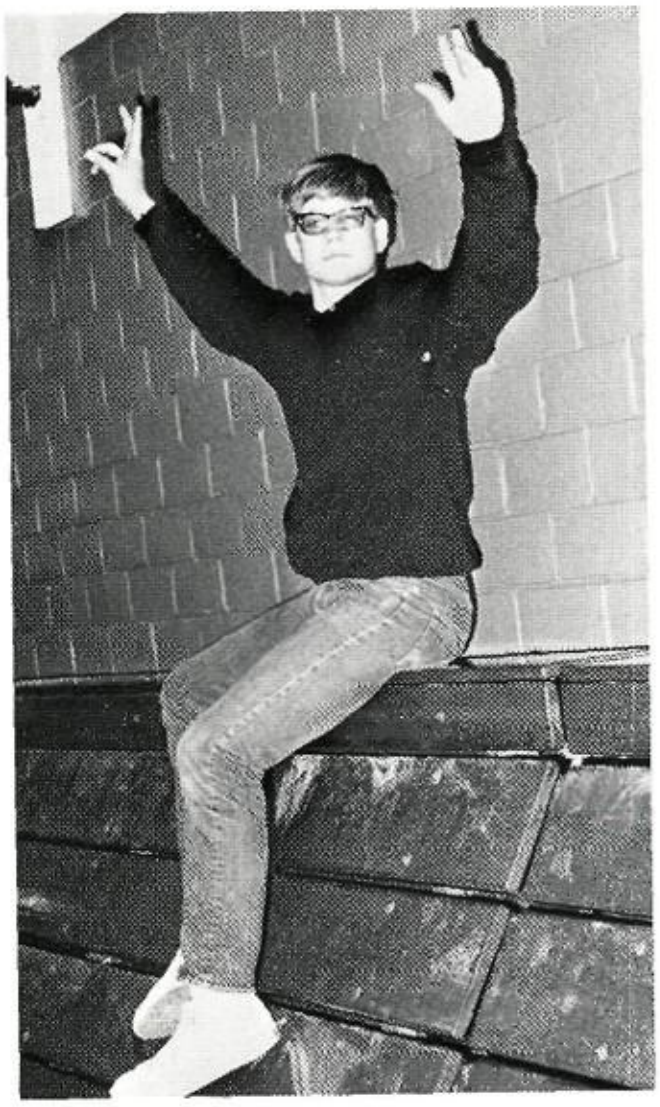
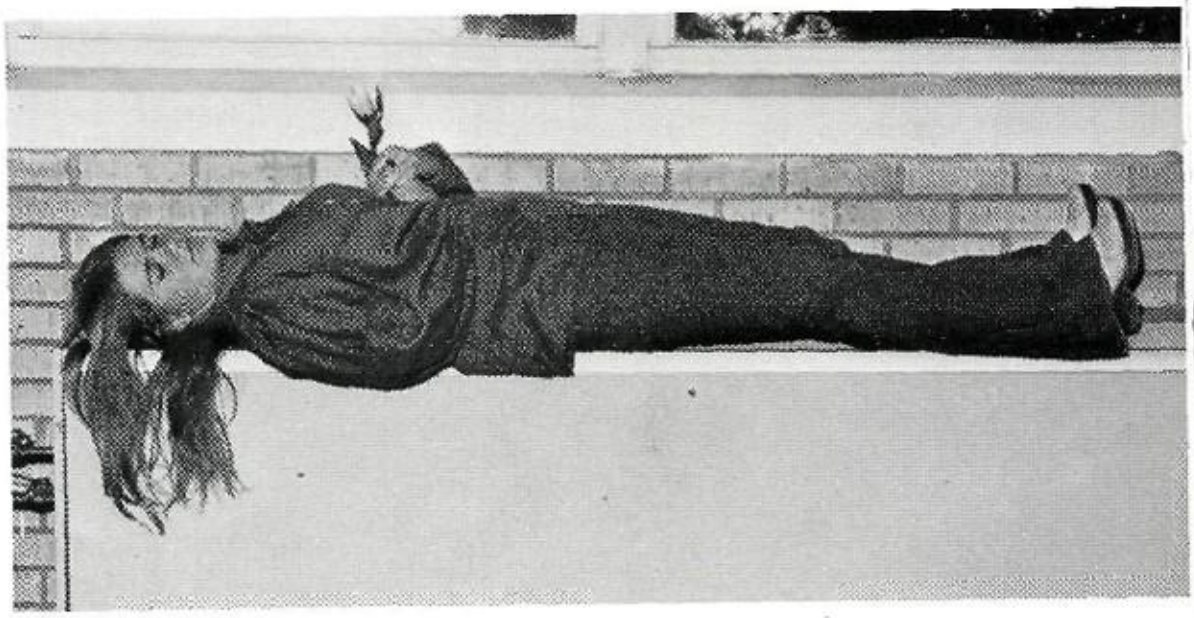
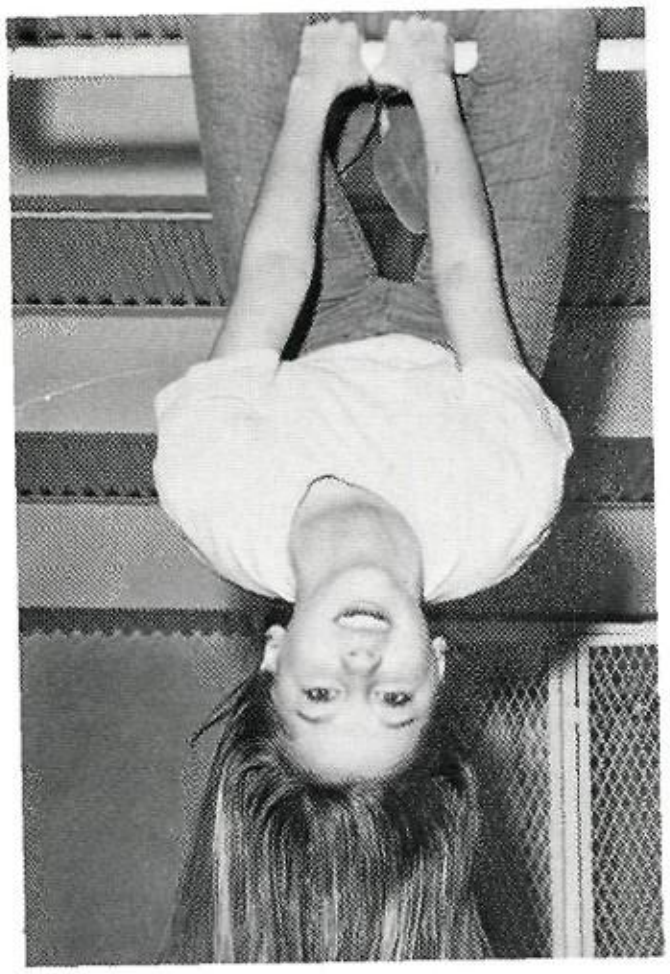
The glories of the twilight are ended with the darkness of night. Summer's tall, green grasses are put to rest beneath Winter's cold white blanket. The world turns, the clock ticks, and life changes.
It seems the Master has torn this past year from our lives much as we pull pages from the calendar and drop them to the floor. Each day that passes leaves only the memories of the joys, the sorrows, the smiles, and the tears which shall never be seen again, for they all belong to yesterday.





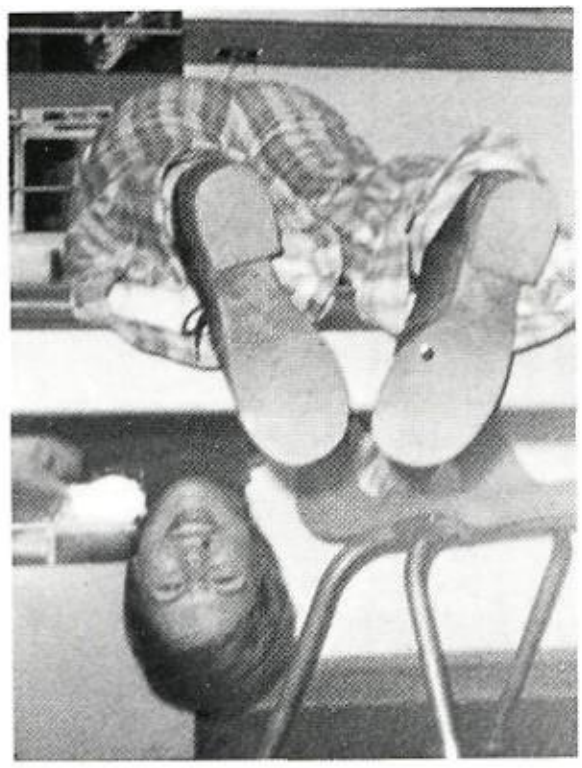


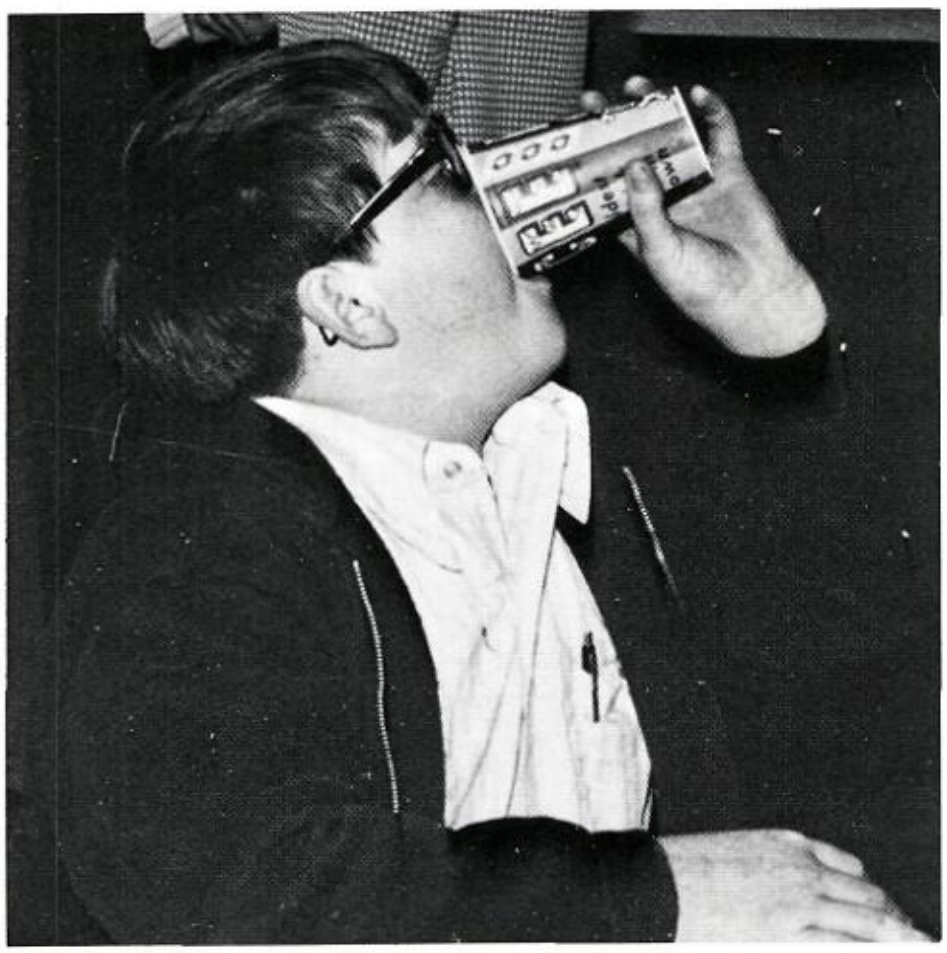
Man is by nature inhibited. However, in BCHS we have broken the bonds of inhibition and discovered many ways of expressing ourselves—for self-expression is a vital form of communication.

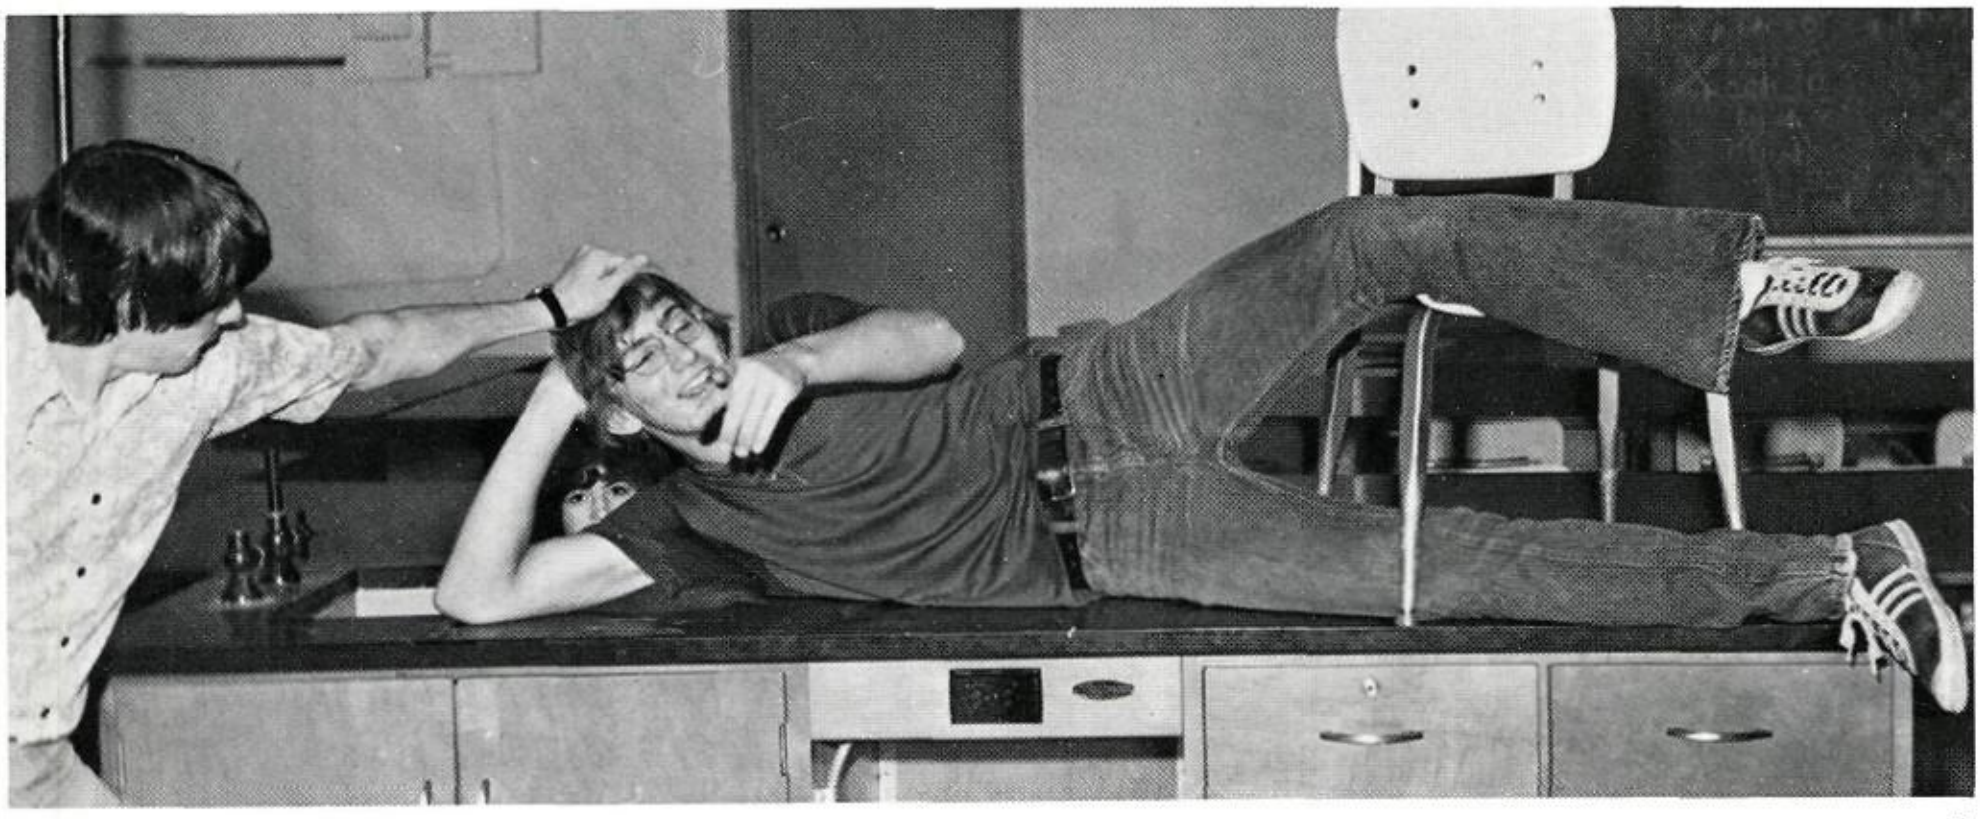
"No man is an island, entire in itself; each man is a piece of the continent, a part of the main."

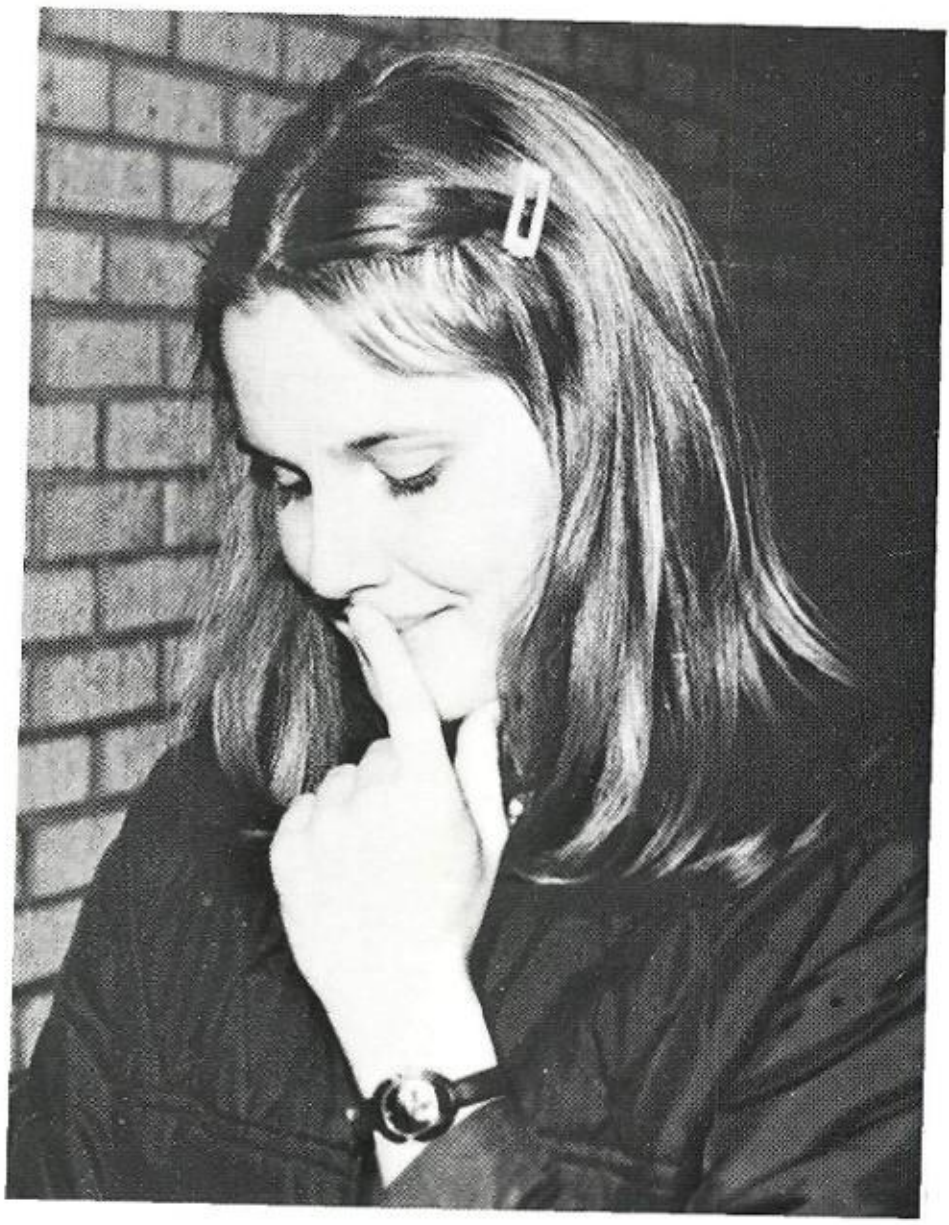
—Donne.

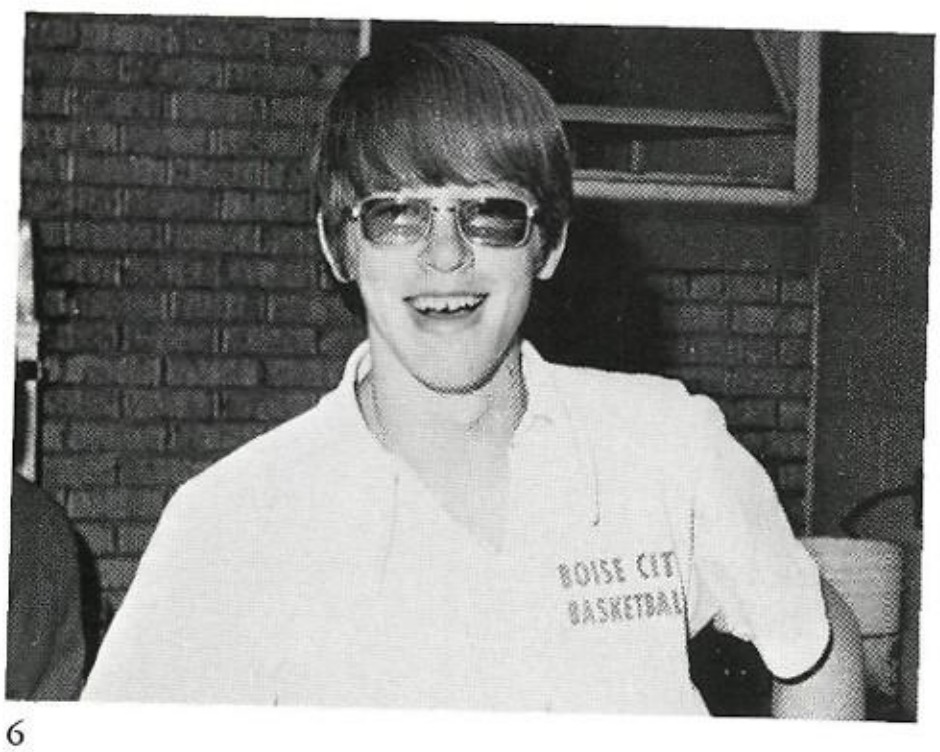
You are a unique and necessary piece in the universal puzzle. Only by playing your role do you fit this puzzle. Play your part; be yourself.







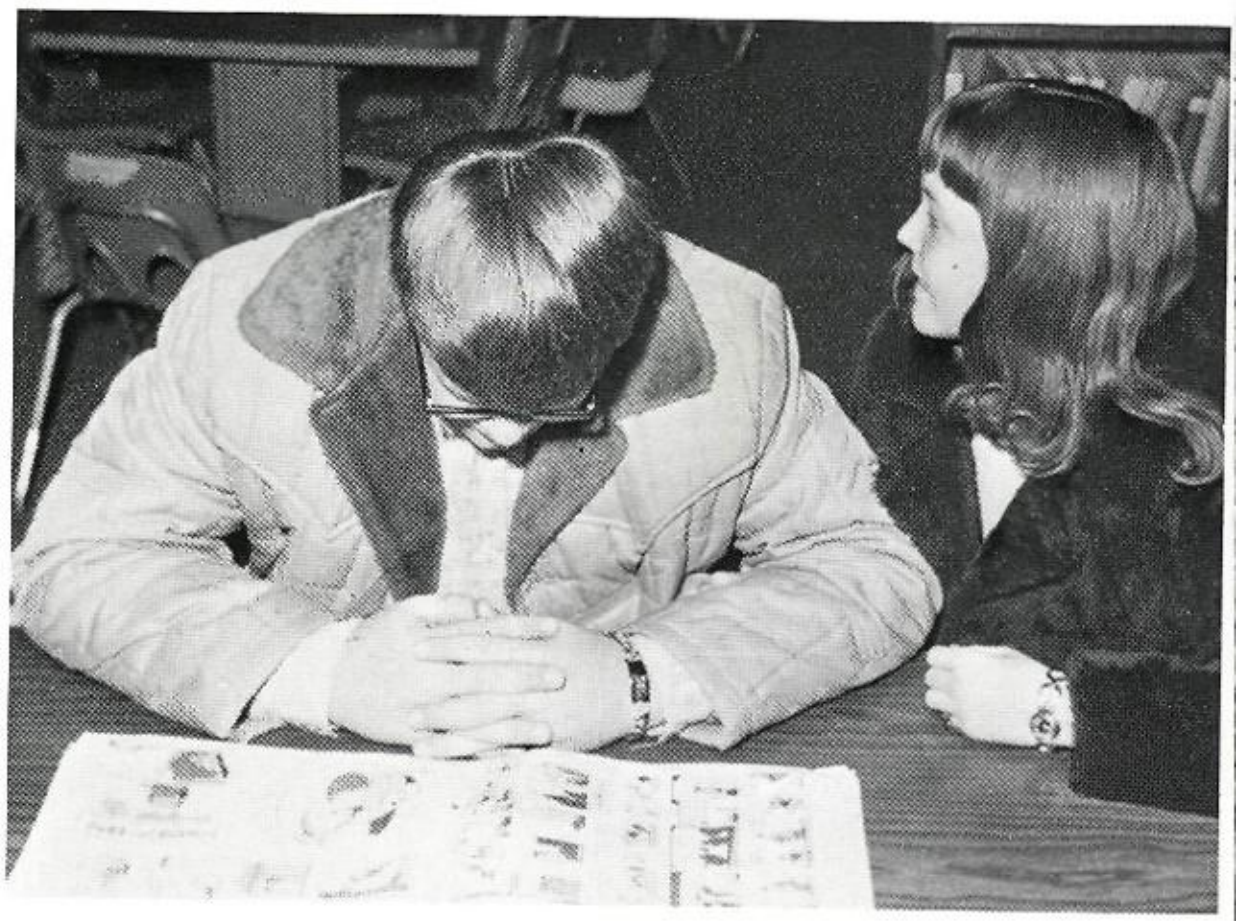


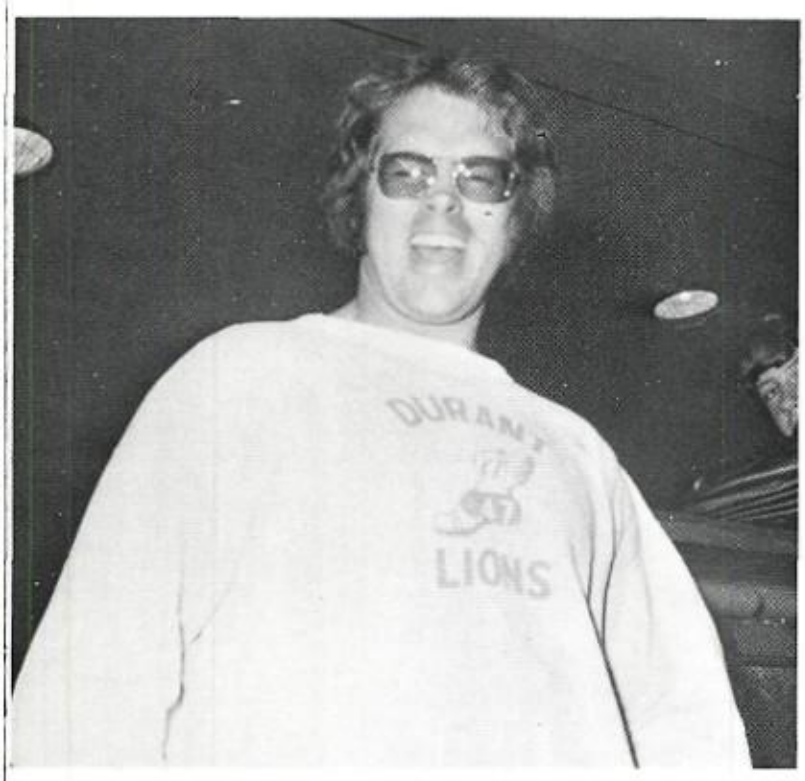


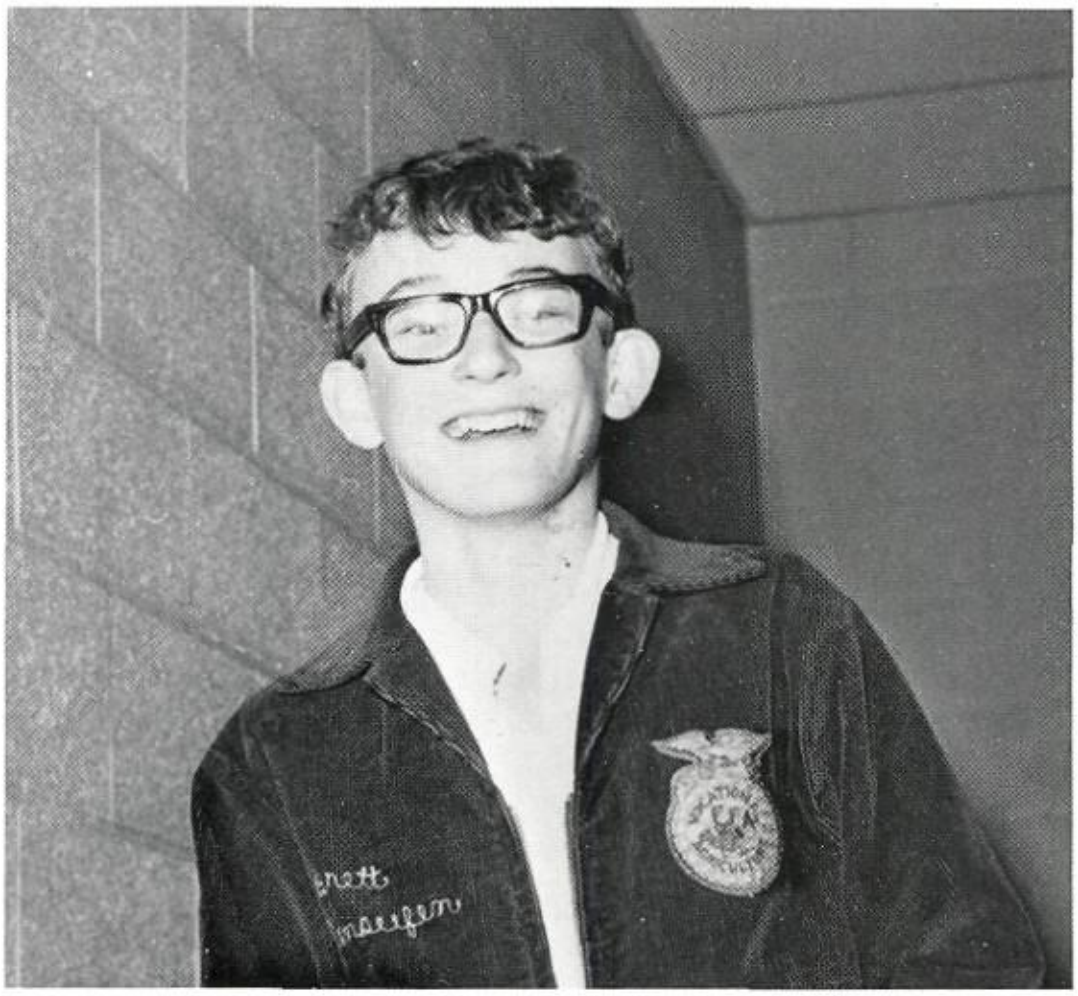
It has been said that the expressions of the face mirror the feelings of the heart. Just as each heart holds different feelings, so each face reflects varied expressions.

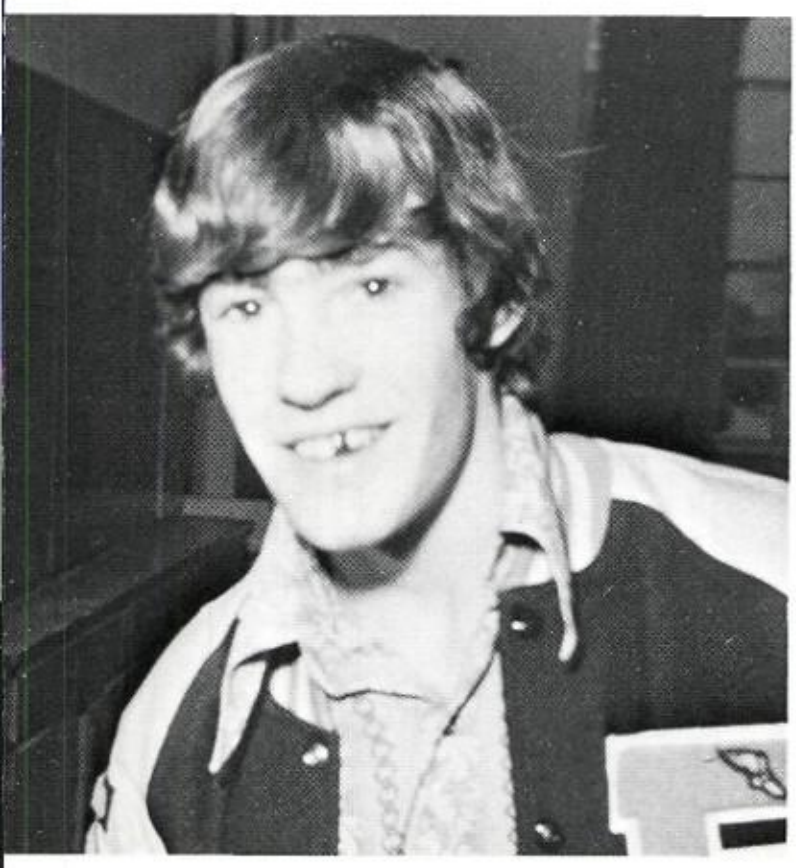
MR. AND MISS BCHS
Vicki and Vickey

If it's ever so small the part you take,
The world has need of you.
Be it big or little the effort you make,
The world has need of you.
If it's only a thought you give by the way,
If it's only love's word you pause to say,
It's a part that nobody else can play,
So the world has need of you.

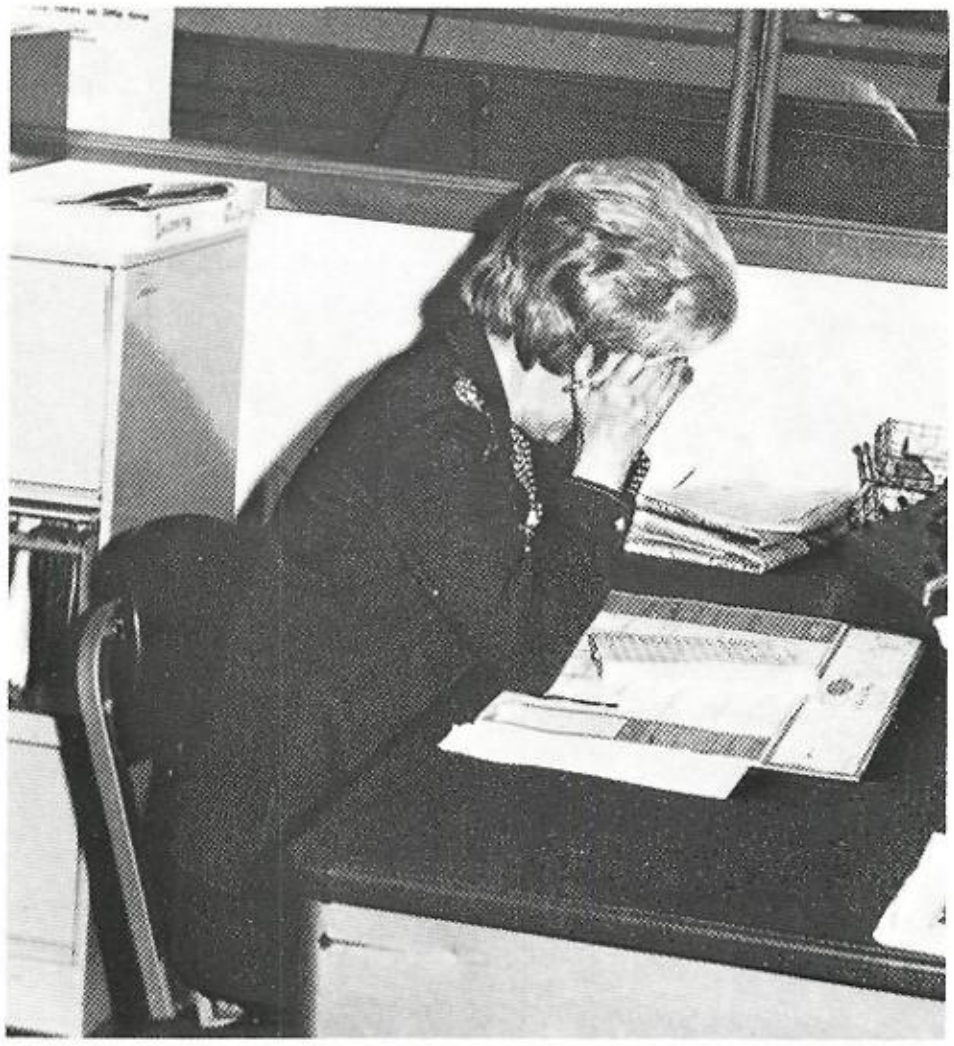








By your smile you can change another's life;
The world has need of you.
By a word you can bring peace out of strife;
The world has need of you.
Then lift your head and never say die;
Count every blessing, stop every sigh.
Get busy . . . don't let a chance slip by,
For the world has need of you.



There is nothing too little for so little a creature as man. It is by studying little things that we attain the great art of having as much happiness as possible.

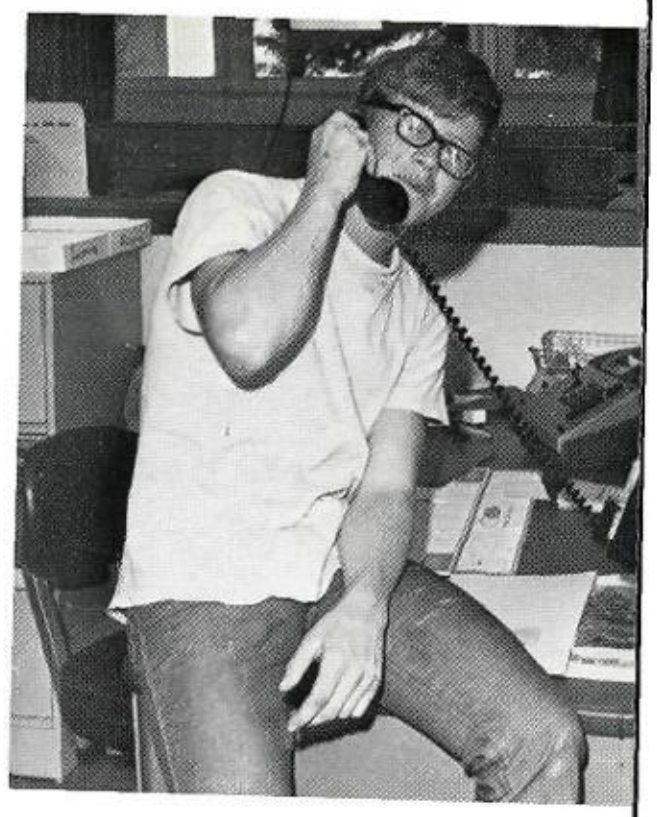
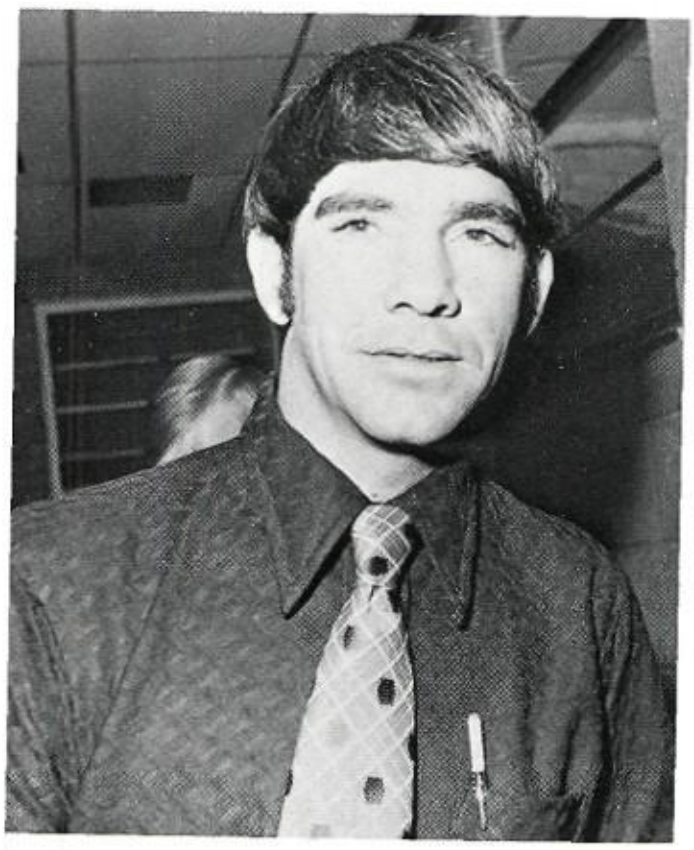
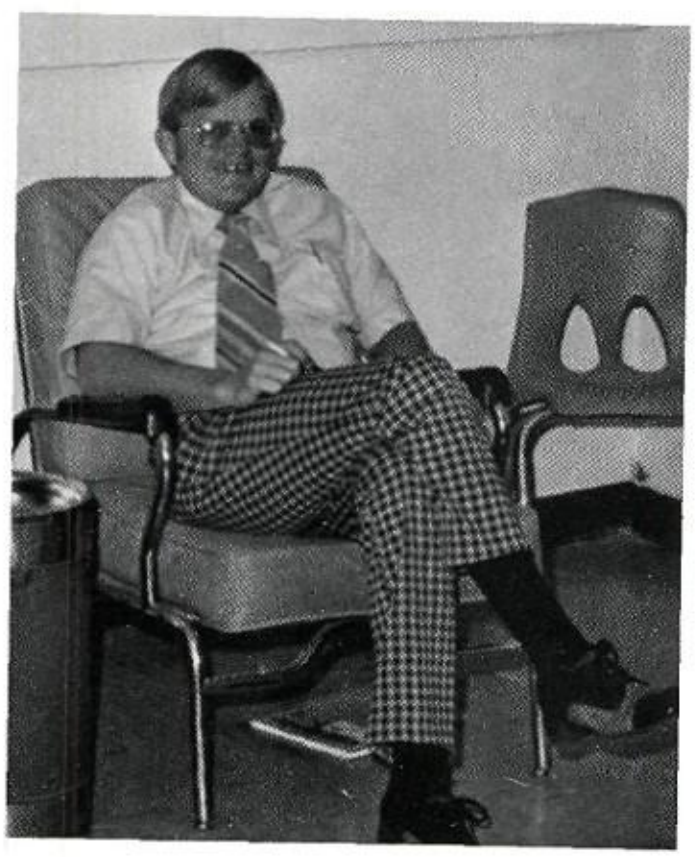
The world is a looking glass, and gives back to every man the reflection of his own face.







Frown at it, and it in turn will look sourly upon you; laugh at it and with it, and it is a jolly, kind companion.

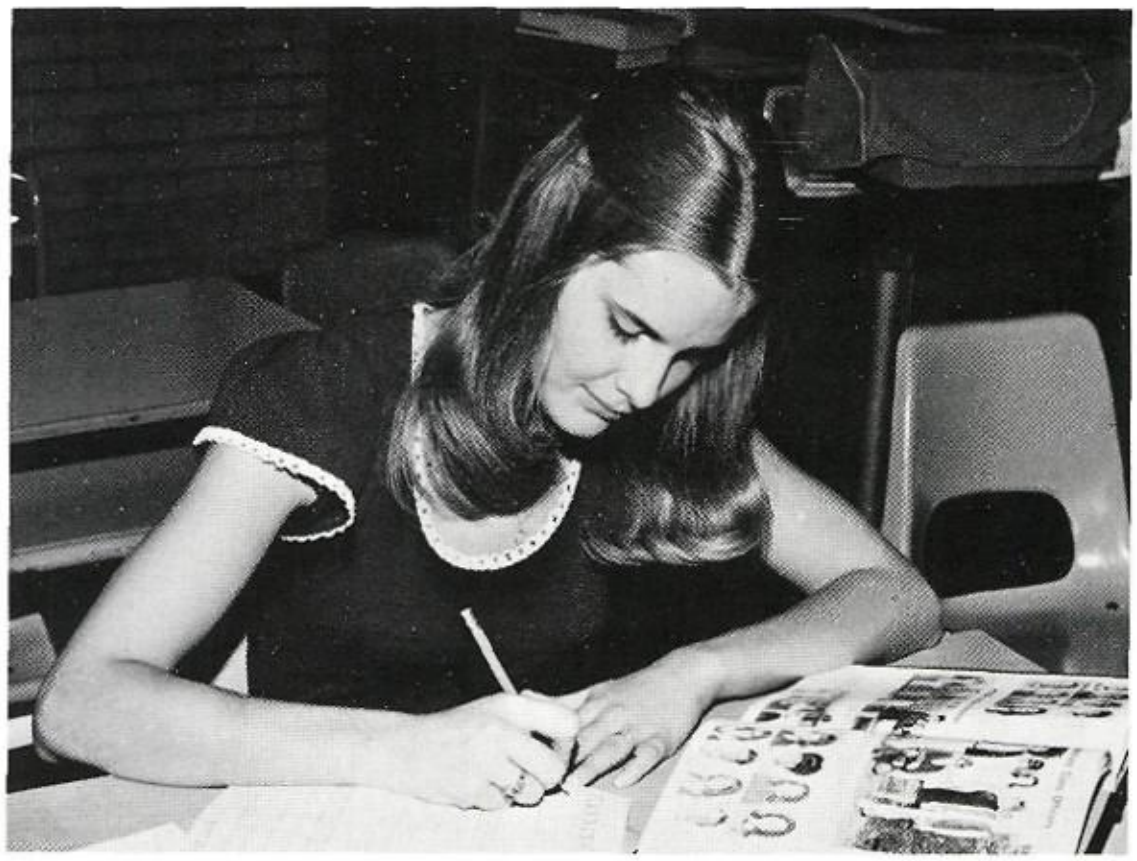
THANK YOU

To the following business establishments, we would like to say a most hearty thank you. You have made it possible for us to recapture the school year of 1973-74 for many years to come. Without your support we could not have attempted to make this book of remembrances for the students of Boise City High School. We appreciate your faithfulness in supporting every area of our education.

STAFF OF THE WILDCAT—'74

EDITOR'S NOTE



Thomas Jefferson once said, "The happiest moments of my life have been in the ow of affection among friends." This could robably have been said by any student of oise City High School. Everyone is happiest when they are with friends, and I hope hat in the years to come, as you look back hrough the pages of THE WILDCAT—'74, it vill help you to remember all of the activies of the 1973-74 school year, and the riends who made them memorable.

I would like to thank Mr. Venter, our sponsor, and the annual staff for the help they gave me, and for eing patient when things got so disorganized.

A big thanks goes also to the photographers from Blunk Studios, who took many of our pictures. They always id their best to make the pictures just like we wanted them.

I would like to express my deep appreciation to Keith Arnett and David Cochran for all the pictures they ook, and for the many long hours they spent in the darkroom developing the pictures.

A great deal of thanks also goes to Mr. Bob Young and Mr. Gary Compton for the use of their facilities while eveloping pictures, and for always being willing to help us in any way they could.

I would also like to thank Mr. Gordon Folkers and Ross for all the pictures they took, and for being so willing o develop them when we needed them in a hurry.

To Teri Brakhage, my assistant, I would like to express my deep gratitude. She was always there when I needed er, and willing to do whatever she could to help.

I would also like to extend a heartfelt thanks to Anita McCune, for without all of her help, and the long hours hat she donated, this yearbook would never have been possible.

Now, I would like to thank the administration, faculty, and students of BCHS for their cooperation during our fforts of compiling this yearbook. Things were not always organized, and many things did not work out as we had planned. But, I hope you will enjoy THE WILDCAT—'74, and cherish the memories it holds for each and every one of us.

Sherry McCune

Editor

Yesterday is beyond recall, never to be changed or relived. But dark, cold nights are brought to life by the smile of the fresh morning's dawn. And the chilling, lifeless winter snows are melted by spring's eternal blossoms of hope—hope of finding truth and reality; the hope of discovering that pure and perfect love; and the hope that maybe this generation will find a true and lasting peace—with the earth, peace with all men, and an eternal peace within our souls.

Carla, I really don't know what to say. I really think only that I really am sorry for things I didn't work out at the time. I wish I could've wanted it too. I remember you. Lots of future. P.S. I know you will have trouble finding a boy friend.
